Dear Sir

Re.: Central air cooling project in Colombia, South America

This is to inform you that Impco S.De. RL.De. CV, Mexico, the subsidiary of Symphony Limited, has successfully executed and commissioned a pilot project of central air-cooling the first of several locations of the Dutch owned 'Makro' chain of super-markets in Colombia, South America. This project was awarded to Impco after meeting Makro's stringent performance and quality parameters and their exhaustive technical evaluation.

We are hopeful that this will help to expand our industrial cooling business not only in Colombia, but in other countries of South America as well.

This is for general information of the investors and analysts.

Yours faithfully,
For, **Symphony Limited**

Chandrakant Gandhi
Company Secretary
