**November 10, 2020: Mr. Nrupesh Shah, Executive Director of Symphony Ltd. has commented:**

- Symphony Limited launched for 2019-20 pathbreaking new models across the products in Residential, Commercial and Centralised air cooling segments. They are innovative in design, format and features. They have received overwhelming response.
- Though effect of Covid19 pandemic continues to effect the business and the operations including the revenues during the September 2020 quarter, the impact in the quarter is lower than the June 2020 quarter and we believe, there would be further recoveries in balance two quarters of the year.

### Outlook:

- The consolidated and standalone sales have been impacted on account of Covid19 pandemic.
- We are reasonably confident to maintain operating profit margin % in FY 2020-21 for year as a whole in line with FY 2019-20 barring Climate Technologies, Australia.
