^Result based on external lab tests conducted on select Whirlpool models when operating in set mode as per NSF protocol P172 on bacteria and may vary depending upon testing conditions. "Results based on internal lab tests conducted on select Whirlpool models with identified stains under standard test conditions and may vary basis testing conditions. "Results based on internal lab tests conducted on select Whirlpool model when operating in hot-wash vs cold-wash mode and may vary depending on testing conditions.

OCE FEATURES

WASH UP TO 14^{*} KING SIZE **BEDSHEETS** IN ONE GO

3D TURBO IMPELLER

The unique impeller has been designed to remove dirt effectively. The triple wash motion along with the 3D Scrub Pads ensure a superior wash, every time.

'Results based on internal lab testing done on select Whirlpool model under standard conditions and may vary basis testing conditions. Images are for representation only.

*Results based on internal lab tests done on select Whirlpool models with new D3 Agipeller v. old D3 Agipeller under standard conditions and may vary depending on test conditions. Images are for representation only.

OCE XL

This advanced triple layered filtration process effectively collects lint so that clothes can come out clean after every wash.

The control panel has been smartly designed to prevent water from seeping inside.
